# COMPASSIONATE SKILLED NURSING

Our skilled nursing program helps those recovering from hospitalization or dealing with a decline in health. Each resident is cared for by a skilled interdisciplinary team comprised of nurses, social workers, dietitians, therapists and recreational specialists, and overseen by an attending physician. Boasting one of the highest staff retention rates in the region, our team is equipped to return individuals to their highest level of independence.

Typical skilled care services may include (but are not limited to):

- 24-Hour Skilled Nursing Services
- Pain Management
- Wound Care
- Hospice Care
- Respite Care
- Cardiac Care
- Dialysis Support and Transportation
- HIV/AIDS Care
- Tracheostomy Care
- Secure Memory Care

## INDIVIDUALIZED REHABILITATION PROGRAMS

Our rehabilitation programs strive to return our residents to living their best life as quickly and safely as possible. We create an individualized plan based on needs and prior abilities. We listen and respect each resident's choices at every stage.

Typical treatments may include:

- Physical Therapy
- Occupational Therapy
- Speech Therapy
- IV Therapy
- Real and Robotic Pet Therapy
- Recreation Therapy
- Stroke Recovery Rehabilitation
- Joint Replacement Therapy
